Re: OU 10 Draft Workplan

Dear Mr. Baughman:

Attached please find EPA's and our contractor's comments on the Draft Phase I RFI/RI Workplan for Operable Unit 10 (OU10), the Other Outside Closure Units. It is EPA's position that this document in its current form is inadequate to meet the objectives of Phase I investigation. Therefore, the document needs to undergo extensive revision. We expect DOE to incorporate appropriate response to our comments in the Draft Final version of the workplan.

Please do not hesitate to contact Arturo Duran of my staff at (303) 294-1080 with any questions or comments you may have.

Sincerely,

A handwritten signature in black ink, appearing to read "Martin Hestmark".
